Harbor Diesel Providing Sales and Service for the Enviro Save Product Line

POINT ROBERTS, WA - HD Enterprises, LLC joins forces with Tran Cert Marketing, Inc. to handle sales and service for the Enviro Save Product line in the State of California.

Jim Zupanovich, President of HDE has been in business for over 33 years. "Our Mission at Harbor Diesel and Equipment is to provide our customers the highest quality sales, parts, and service at competitive prices." We seek to develop a partnership with our customers in creating a higher level of service and we are dedicated to maintaining our education and professionalism on the highest level, says Jim.

HDE was founded on March 1, 1971 in San Pedro, California with a 53,000 square foot facility in Long Beach. They have 53 dedicated staff ready to serve their clients. HDE's a factory authorized distributor and/or dealer for the following:

Caterpillar Marine and Truck Engines
Cummins Engines
Detroit Diesel Engines
Deutz Air-Cooled Engines
Deutz-MWM Marine Engines
ZF Heavy Duty On-Highway Products

ZF Heavy Duty Off-Highway Products
Deere CNG
Capacity of Texas "Trailer Jockey" Trucks
Racor Filter Products
Farr Filter Products
Enviro Save Products

Enviro Save Products, which are TFE Resin based, produce reduced friction, improved performance, improved fuel mileage and lower operating temperatures in all types of vehicles, trucks, buses, trains, boats, motorcycles and machinery with only a "one-time" application for the life of the equipment. Lab tested and certified with over 500,000 applications worldwide and thousands of testimonials to prove the performance, Enviro Save Products will change the way we maintain our equipment.

HDE can be reached by calling (562)591-5665 or visiting their website at www.harbordiesel.com. For more information about the Enviro Save Products, visit our website at www.envirosave.us or call us toll free at (866)945-3800.
